

TA Meeting  
February 4, 2013

## Meeting Minutes Feb. 4

### TA Meeting (everyone attended)

- Each team member went over what we did this week (refer to website for specific tasks for each person)
- Oliver posted links on Facebook group about tutorials and info on ASP.net and C#

### Tasks for this week:

Everyone - research and tutorials on ASP.net and C#

- set up source control, coding and documentation deadlines
- review project plan and help on it if necessary
- agree on additional meeting times for this week

Thea - follow up on previous email with Neil  
- clarify with kurt difference between system and program design  
- email Evgeny to ask if there will be a meeting next week (Family Day)

Vlad and Michelle - work on project plan
