Team Meeting
February 11, 2013

Meeting Minutes Feb 11
Google Hangout (12:00 - 1:30)
Attendance: All

Purpose: Review comments made after revisions were made over the weekend

1.2 - Keep "shallow learning curve"
Made document consistent with the use of shall/should/will
Agreed on how search is similar to search engine experience when searching through requests by keywords

1.4 Added reference for crow's foot notation

2.1 Clarified that this is a web application

Tasks:
Everyone will read through the rest of the document, leaving comments for Thea when she goes through to edit
If you have time, try to go through either a C# or ASP.net tutorial

Email Evgeny a virtual meeting on what every team member did this past week
Book meeting with Kurt after class tomorrow to discuss our SRS
