Team Meeting
January 31, 2013

Meeting Min

-This meeting we continued to go over Section 3 of the SRS, specifically from 3.2.3 to the middle of 3.2.4 on page 22
-Added locked request to definitions as DB - 020
-Clarified DB - 015, DB - 021
-formatted all required fields listed in component list to bold
-Added preferred method of response to component list
-Organized requirements to be more cohesive
-Clarified and added detail to CR - 010: Auto-gen start info

Tasks:
-add import data into SRS
-add "when creating new request, the request is locked" into Section 3.2.4
-add "when saving or submitting request, it becomes unlocked" into Section 3.2.4

Note: In question answer section, numbering goes from F to H
